TAKE TIME

Every day we see people prioritising the time of others. Taking care of others, connecting to others, fulfilling the needs of others, being there for others... but what about you?

We want to urge you to take time for yourself; time to dream for yourself, to care for yourself, just be with yourself. Do you know who you are? Do you know what you need? Do you remember your dreams? Did you have a hobby? Did you like to read? Walk by the sea, wander in the woods, watch the sky? Dream and get surprised by your own thoughts?

When was the last time you were truly with yourself or with the ones important to you?
